## Information for Providers of Continuing Education

Continuing education credit for presentations should be requested by provider. Presentations need to be submitted by **mail, fax or emailed to [cmoss@ncvmb.org](mailto:cmoss@ncvmb.org) a minimum of 14 days prior to the presentation**, and sooner if you wish to advertise that your program has been approved by the Board. Please note that not all continuing education programs can be approved.

Providers seeking credit must provide an agenda or outline which includes presentation start and stop times, speaker names, location, and title & topic to be presented. Topic(s) must be related to the practice of veterinary medicine.

Continuing education credit is based on 1 hour (60 minutes) of lecture or lab attended. The Board does not approve attendance to exhibit halls or breaks.

The Board can only approve computer-based training presentations pertaining to the practice of veterinary medicine. Ten (10) hours of computer-based education may be used by veterinarians toward each renewal cycle; six (6) hours for veterinary technicians.

Providers are required to present each attendee with a certificate showing proof of participation/attendance. Approval of future programs depends on compliance with Board requirements. Should any changes be made or future dates added, the Board will need to have prior notification of those changes.
